July 8, 2016

Dear Parents and Guardians,

It may seem a bit early to be thinking too much about the coming school year as you enjoy the few warm months we get here in Wisconsin, but I wanted to communicate sooner rather than later an important change that will be implemented in our operations this coming school year.

In order to create more opportunity for our team members to plan and to receive essential developmental opportunities, all of our nine Boys & Girls Clubs will be closed for staff in-service days the first Friday of each month from September through May in the 2016/17 school year. We believe that dedicating more time for all of our team members to gather and receiving consistent training will result in an even higher quality experience for your child at their Boys & Girls Club.

I do recognize that this may create some scheduling difficulties for you on these days and we apologize for the inconveniences this may cause.

As always, if you have any questions or concerns about this change to our schedule or anything else about the positive youth development programs and services our team members provide for your child, please feel free to contact me or your Club's site director.

Thank you for the opportunity to serve your child and your family.

Best regards,

Greg Lemke-Rochon, CEO
