# **GENERAL INFORMATION**

## **OUR MISSION**

To inspire and enable all young people, especially those who need us most, to reach their full potential as productive, responsible and caring citizens.

## **OUR VALUES**

- Kids First
- Caring Adults
- Safe, Fun & Healthy Environments
- Inclusive Communities
- Responsible Stewardship
- Opportunity for All

## **WHY BOYS & GIRLS CLUBS ARE SPECIAL**

Four key characteristics define the essence of a Boys & Girls Club. All are critical in exerting positive impact on the life of a child:

1. **Dedicated Youth Facility:** The Boys & Girls Club is a place – an actual neighborhood-based building – designed solely for youth programs and activities.
2. **Open Daily:** The Club is open nearly every weekday during the non-school hours when kids have free time and need positive, productive outlets.
3. **Professional Staff:** Every Club has full and part-time, trained youth development professionals and paraprofessionals, providing positive role models and mentors. Volunteers provide key supplementary support.
4. **Available/Affordable to All Youth:** Membership dues are affordable. Clubs reach out to kids who may lack access to other community programs.

## **HISTORY & INTRODUCTION TO THE BOYS & GIRLS CLUBS OF THE FOX VALLEY**

The Boys & Girls Clubs of the Fox Valley (BGCFV) opened its first Club, the Boys & Girls Club of Appleton, in August of 1998. The organization arose out of a previously existing organization known as Youth Services of the Fox Valley Region which was founded in 1975.

The BGCFV is now a multi-unit, local and independent organization and is affiliated with the Boys & Girls Clubs of America (BGCA). The BGCA has been in existence since 1906 and operates under a specific vision, mission, and clearly defined standards. More about the BGCA may be found at [www.bgca.org](http://www.bgca.org). The BGCFV meets BGCA affiliate standards and receives ongoing technical assistance, training, evaluation and program support from BGCA.

The BGCFV provides positive youth development programs to young people between the ages of five and eighteen and serves an average of 1,100 Members at nine area Boys & Girls Clubs. In addition, the BGCFV provides a diverse array of mental and behavioral health programs through its Youth & Family Services department which reach an additional 200 young people, on average, each school day. The BGCFV serves between 11,000 and 13,000 young people each year.

The organization's diverse services are provided during the times when children, youth and families are most in-need of our support and program service fees are kept low to ensure access to all. Of note, the programs offered out of the organization's Youth & Family Services department, including licensed professional counseling services, are provided at no cost to participants.

The BGCFV is also proud to partner with multiple area school districts, community service organizations, businesses, and funders to play an integral role in the long-term health and vitality of our communities.

The BGCFV is one of the largest Boys & Girls Club organizations in the State of Wisconsin, is led by a team of 25-30 local community leaders who volunteer to serve on its Board of Directors, nine professional employees who serve on the organization's Leadership Team, and approximately 120 other professional and paraprofessional employees.

## PURPOSE

To make the Fox Valley a great place for ALL kids to grow and thrive.

# **OUR COMMITMENT TO SAFETY**

*Ensuring child safety is fundamental to our mission.*

## **The Safety and Wellbeing of Young People is Our Number One Priority**

We work every day to create a safe, fun environment so kids can have every opportunity to be successful in life. We have ZERO tolerance for inappropriate behavior of any kind that jeopardizes the safety of our Club members, and we put resources behind that stance.

### **OUR CULTURE OF SAFETY**

**The Boys & Girls Clubs of the Fox Valley continually updates robust safety policies, programs and training for our staff and volunteers that are designed to promote child safety and protect young people from threats that are present in our society. We implement layers of safety policies and guidelines to keep our kids safe including:**

- Criminal history background checks on all employees and volunteers.
- Child abuse prevention training for all our team members.
- Regular, repeated crisis response drills in partnership with local law enforcement

### **SAFETY POLICIES**

The Boys & Girls Clubs of the Fox Valley has comprehensive safety policies in place that protect youth – including, but not limited to, supervision, transportation, communication and prohibiting private one-on-one contact in our positive youth development programs and services.

### **24-HOUR TOLL-FREE CHILD SAFETY HOTLINE**

We encourage all staff, members and families to report any incident or situation they feel is unsafe. Through our national partnership with Praesidium, one of the nation's leading safety experts, Boys & Girls Clubs of the Fox Valley members and staff have access to a confidential 24-hour toll-free Child Safety Hotline, [866-607-SAFE \(7233\)](tel:866607SAFE) or email [SafeClub@Praesidiuminc.com](mailto:SafeClub@Praesidiuminc.com). Members, caregivers, employees and volunteers can also email our own safety inbox at [Safety@bgclubfoxvalley.org](mailto:Safety@bgclubfoxvalley.org).

### **MANDATORY BACKGROUND CHECKS**

Mandatory criminal background checks are required every year for every staff and board member at the Boys & Girls Clubs of the Fox Valley. In addition, criminal background checks are required for any volunteer who has direct contact with children. All potential employees and volunteers are also run through the National Sex Offender Registry.

### **REQUIRED IMMEDIATE REPORTING**

Boys & Girls Clubs of the Fox Valley staff and volunteers are all mandated reporters. We are required to report any critical incident/safety concern to local law enforcement and/or Child

Protective Services. We are also required to report any critical incident to the Boys & Girls Clubs of America within 24 hours.

## **MANDATORY ANNUAL SAFETY ASSESSMENTS**

We complete a safety assessment each year to ensure we continually make improvements to safety at our Clubs.

## **SAFETY TRAINING**

Ongoing training and supervision of staff is critical. Our team members are required to participate in a wide variety of child safety training including child abuse and neglect prevention, mandatory reporting, ethics and boundaries, crisis management and response, anti-harassment, physical safety, CPR & First Aid, emergency response, trauma-informed care, transportation, cyber safety, Positive Behavioral Interventions and Supports (PBIS), bullying response and reporting, and medication administration. We also, in partnership with the Boys & Girls Clubs of America, engage leading third-party safety experts to provide guidance for our policies and approaches, including Praesidium, the National Center for Missing & Exploited Children, and the National Children's Advocacy Center.

## **SAFETY COMMITTEE**

The Boys & Girls Clubs of the Fox Valley has a dedicated safety committee to provide input and guidance on local policies and safety strategies. Priorities and initiatives in 2019 include:

- Updating security cameras and building access technology and hardware
- Law enforcement building inspections
- Revised internet safety policies

## **MANDATORY EMPLOYEE REFERENCE**

Any employee interested in moving to another Boys & Girls Club is required to have a reference from the previous Club, even if the Clubs are within the same community.

## **STATE AND LOCAL LAWS**

We comply with federal, state and local safety laws, including those impacting facilities and vehicles.

## **SAFETY PARTNERSHIPS**

Nationally, Boys & Girls Clubs of America works with leading experts in the areas of safety, security and technology to develop state-of-the-art solutions for Clubs. Partners include:

- National Child Safety Advisory Task Force, made up of leading experts and organizations
- Blue Ribbon Taskforce, comprised of local Club leaders charged with providing input on the safety direction and key safety initiatives
- Mental Health First Aid, a national program that teaches skills to recognize and respond to signs of mental illness and substance abuse
- Crisis Text Line, a confidential text message service for youth in times of crisis

**Some of the Boys & Girls Clubs of the Fox Valley's local safety partners include:**

- The City of Appleton Police Department
- The City of Menasha Police Department
- Outagamie County Youth & Family Services
- The Appleton, Menasha, and Little Chute School Districts
- The Red Cross

Nationally, Boys & Girls Clubs of America has advocated the passage of the U.S. PROTECT Act, which improved background screening systems and access. The national organization has also partnered with the FBI, the National Center for Missing & Exploited Children and the Centers for Disease Control to contribute to the development of safety practices that benefit ALL youth-serving organizations.

Our young people deserve nothing less than our constant focus on their safety and our firm commitment to protect every child who is entrusted to our care at the Boys & Girls Clubs of the Fox Valley. To learn more about our national safety policies and actions, please visit Boys & Girls Clubs of America's Child Safety page here: [www.bgca.org/kids-in-need/child-safety](http://www.bgca.org/kids-in-need/child-safety)

## **ANTI-BIAS STATEMENT**

The Boys & Girls Clubs of the Fox Valley is committed in all areas to providing an inclusive environment that is free from discrimination and harassment. We will not tolerate discrimination and harassment based upon an individual's sex, race, ethnicity, national origin, age, sexual orientation, religion, or any other legally protected characteristics. All Club staff, youth members, and volunteers are expected and required to abide by this policy. We strive to engage youth in programs that support the development of cultural competency. Our programs help youth understand and respect their own culture and the cultures of others, where they are able to contribute to a multicultural society and demonstrate acceptance for differences among people.

## **NON-DISCRIMINATION**

All people are welcome at the Boys & Girls Clubs of the Fox Valley regardless of race, religion, sex, national origin, marital status, sexual orientation, gender assignment, political ideology, or ability.

## **AMERICANS WITH DISABILITIES ACT POLICY**

The Boys & Girls Clubs of the Fox Valley seeks to serve all people. It is our intention to include people of all abilities in our programs in the most integrated setting and wherever it is reasonably possible to do so. (This includes individuals with a physical, mental or emotional need that substantially limits a major life activity, individuals with a record of such need, or individuals who are regarded as having such needs). Despite our best efforts, it may not be possible in certain circumstances for our Clubs to accommodate the disability or special needs of a child. This could occur in the following examples:

- The individual's disability or special needs present a significant direct threat to the health or safety of others and such risk cannot be eliminated or reduced to an acceptable level; or
- The required accommodation would require a fundamental alteration to programs or otherwise would present an undue burden for the Club.

For some children, special accommodation needs may appear later, or may differ over time. Our Boys & Girls Clubs will make ongoing assessments of your child's needs and will require the parent or legal guardian's involvement in this process. Failure to share information about your child that identifies special care, accommodations or supervision needs may jeopardize the placement of or continued participation by your child in the program. All children are expected to abide by the Code of Conduct or stated behavior expectations. An individual plan of care stating needs is required prior to starting the program.

## **NON-RELIGIOUS POLICY**

The Boys & Girls Clubs of the Fox Valley is a non-denominational organization and does not promote or facilitate religious activities regardless of where the program is housed. From time to time, however, we will expose children to diverse cultural experiences that may have religious overtones. Children will not be required to participate in any of these activities and alternate activities will be provided upon request. Caregivers are welcome to note your family religious preferences on the registration form.

Our Boys & Girls Clubs allow children to feel comfortable expressing their own religious beliefs and practices without staff promoting their own beliefs.

## **HOLIDAY CELEBRATIONS**

The Boys & Girls Clubs of the Fox Valley is a non-sectarian, multi-cultural organization. When holidays are recognized it is for their celebration value rather than their religious significance. A way for our employees to honor diversity is by teaching children how different cultures celebrate their holidays. You are welcome to inform us of holidays your family celebrates.

## **CAREGIVER CODE OF CONDUCT**

The Boys & Girls Clubs of the Fox Valley is committed to providing a safe and nurturing learning environment for your child. To ensure your child's development is met in a positive way, we ask that you as the caregiver(s) agree to the following:

- To make every effort to follow all policies and procedures as expressed in this handbook.
- You understand that it is your responsibility to read and comprehend the policies set forth and to follow them to the best of your ability.
- To strive to support the Club in the way you communicate with the children, the staff, and other parents. You will not be discourteous to, threaten, or use inappropriate language or actions towards any child, including your own, staff, volunteers or other caregivers either at or near Boys & Girls Clubs or at any Boys & Girls Club functions.
- To not approach any child other than your own to obtain confirmation, clarification, or "their view" on Boys & Girls Club-related issues, disputes, or disagreements between children. Such matters must be brought to the attention of Club personnel.
- To not approach any staff member requesting confidential information in regard to any child but your own.

Should you violate the above guidelines, you may be prohibited from being present at Club programs or entering BGCFV facilities whether owned by or used as part of BGCFV programs and services.

## **DRUGS, ALCOHOL AND SMOKING**

The use of illegal drugs, controlled substances, recreational drugs, alcohol, and tobacco and other smoking materials is prohibited at the Boys & Girls Club. If suspicion of impairment occurs, we will ask you to call a paid ride (e.g. taxi, Uber, etc.) or an emergency contact to pick up you and your child. If you choose to leave with your child, we will call law enforcement and Child Protective Services.

## **UPDATING PERSONAL INFORMATION**

Please notify us in writing if any of the following changes occur, so that we can update records.

- Change in phone numbers, home address or workplace.
- Change in school, doctor, dentist, health/dental insurance, or emergency contact.
- Changes in individual's authorization to pick up.
- Changes in allergies, health, or immunization status.

## **INCLEMENT WEATHER, UTILITY OUTAGES & CLUB CLOSINGS**

### *School Year*

During the school year if the Appleton Area School District or the Menasha Joint School District close for the day, or there is early dismissal due to inclement weather, the Boys & Girls Club of Appleton and Menasha will usually open from 8:00 am - 5:30 pm. However, if the weather is extreme, the Boys & Girls Clubs of Appleton and Menasha may close as well. Please note that school-based Boys & Girls Clubs are not open when their host school is closed.

If the area school districts that have elementary-based Boys & Girls Clubs implement a two-hour delay to the start of their school day because of inclement weather, those Boys & Girls Clubs before-school programs will be cancelled. Any middle or intermediate school Boys & Girls Club before-school programs will start one hour before the revised start of the school day. In addition, if the school district or school principal calls off after school activities due to inclement weather, Clubs operating within those schools may also close completely or close early.

### *Summer*

In case of inclement weather, all Club activities will move indoors and any scheduled field trips or other outdoor activities may be cancelled or postponed. If a Severe Weather Warning is issued, Club members will not be allowed to leave the Club without being picked up by a caregiver until the warning expires. Caregivers are requested to consider remaining in a safe place instead of traveling to the Club during times of severe weather warnings. Caregivers

who do choose to come to the Club are also requested to consider the relative safety of remaining at the Club as opposed to traveling during a severe weather outbreak.

#### *Utility Outages (electrical, gas, water)*

For the safety of our members, each Boys & Girls Club will close if a utility outage occurs. Caregivers will be notified if an outage occurs during open hours and will be expected to come pick up their child as soon as possible. Updates on a Club's status will be posted on the organization's Facebook page and website.

#### *Notice of a Club Closing*

Caregivers and members can find the latest information about whether a Club will be open or closed due to inclement weather on the Boys & Girls Clubs of the Fox Valley's Facebook site, its website, and at times on local television news station "school closing" lists. Caregivers who have given the organization a cell phone number may also be notified via a text alert system.

### **PERSONAL ITEMS**

- The Club is not responsible for the security or protection of Members' personal items.
- Club members should not bring valuable items such as electronics, jewelry or anything else of significant value to the Club.
- Each Boys & Girls Club keeps personal items whose owner cannot be identified and that have been left behind in a "lost and found" location. After 4 weeks items that have not been claimed may be donated to other families or to another organization.

### **DRESS CODE**

Proper dress is the responsibility of members and their parents. Rules pertaining to appropriate member attire are necessary to maintain good decorum and a favorable academic atmosphere. The Unit Director and/or Program Coordinator will use their discretion to make appropriate decisions regarding the appropriateness of each member's dress and possible consequences for violation of this policy. Members wearing inappropriate clothing will be asked to change or turn their shirts inside out.

Members are not permitted to wear clothing that is inappropriate for the Club setting. Clothing that displays profanity, is sexually suggestive, offensive, promotes gang activity or affiliation, or promotes alcohol, tobacco, or drug uses are not appropriate. Short shorts, spaghetti strap tops, backless or strapless shirts, tube tops, muscle shirts and midriff shirts are not appropriate. Clothing should always completely cover the torso from above chest cleavage to mid thigh.

- No items of clothing where undergarments are exposed.
- Footwear must be worn while at the Club.
- Hair painting and dying is not allowed to happen at the Club. If you do this at home and come with your hair dyed, that is allowed.
- Clothing or accessories that are disrespectful are not permitted.

## **PHONE/ ELECTRONIC DEVICE USAGE**

The Boys and Girls Club of the Fox Valley recognizes the safety purpose that members and parents have in providing students with cellular phones and other two-way communication devices. During Club hours members are generally prohibited from using cell phones, electronic paging, two-way communication or gaming devices while in the Club or attending Club activities. Members must store electronic devices in their personal belongings in the off or silent mode so as not to disrupt the environment. The Boys and Girls Club of the Fox Valley is not responsible for the loss, theft or damage to any electronic device.

The Directors of individual Clubs are authorized to establish rules and acceptable use guidelines for limited, non-disruptive use of an electronic communication device in the Club or during Club activities for safety, medical, vocational, or other legitimate uses. School sites may refer to school policies when setting before and afterschool expectations.

The inappropriate use of any electronic device (cell phone, camera, etc.) while at the Club is subject to disciplinary action. Students may not share or post personal information about or images of any other Club member or staff member without permission from that member or staff. The inappropriate use of cameras or electronic communication devices includes but is not limited to: use in areas where one would reasonably expect privacy (locker rooms, bathrooms, etc.), to engage in cyber-bullying, placing cell phone calls or sending text messages that ridicule, threaten or harass another member. A phone is available at the front desk at each location for member usage with staff permission.

# **STAFFING AND COMMUNICATION**

## **CAREGIVER COMMUNICATIONS**

We use several formal means to communicate with our members' caregivers including activity and event flyers found in our welcome areas, e-newsletters, digital signage, social media, and our website. We will also strive to keep you posted on how your child or children are doing in the Club through personal conversations and written reports.

Our website contains contact details, program information, schedules and more and can be found at [www.bgclubfoxvalley.org](http://www.bgclubfoxvalley.org). Scroll over the tab labeled *Our Clubs* to find site-specific information.

Our Facebook page ([www.facebook.com/bgcfv/](http://www.facebook.com/bgcfv/)) is a good place to get a look at many of the different activities our members enjoy as part of the Club Experience.

We also encourage Caregivers to visit their child's Club, get to know our team members and review the information posted about upcoming events, special activities, and other Boys & Girls Club services.

Caregivers can contact their Club's Branch or Unit Director with questions and concerns. Their phone number is listed on page two of this handbook and additional contact information can be found on our website.

## **STAFFING**

Our programs employ youth serving professionals and paraprofessionals who care deeply about the kids we serve and take the work they do with children seriously. Prior to starting work with children, each one of our team members must undergo a criminal background check, reference check, an in-depth interview and must also successfully complete child abuse and neglect prevention training. All of our team members receive Boys & Girls Clubs of the Fox Valley and Boys & Girls Clubs of America training that includes, but is not limited to, these topics: child safety, anti-harassment, diversity and inclusion, ethics and boundaries, physical safety, cyber safety, trauma informed care, crisis management and response, bullying response and reporting, and positive behavior management. In addition, all of our full-time program staff are also required to receive and maintain CPR/First Aid/Bloodborne Pathogen certification.

Adult to child ratios are monitored and vary by program activity. For example, a maximum ratio of 1:30 is the guideline we use for sports and recreation activities but field trips for children under the age of 9 must not exceed a 1:8 ratio. The guideline we use for staffing our Clubs is an overall ratio of 1:15.

## **VOLUNTEERS**

Volunteers are vital to our programs and we encourage any caregiver or other adult to become a Club volunteer. Volunteers can tutor, chaperone field trips, teach classes, coach, help with special events, fundraise, work in the office, participate on an Advisory Board, and help with building repair and maintenance projects. If you would like to volunteer at the Club,

please speak to a staff member or our Volunteer Coordinator whose contact information is available on our website.

Individual duly screened, oriented and trained adult and youth volunteers may be used to assist in the delivery of various programs and services. Individual volunteers go through a criminal background check and references are checked prior to allowing volunteers to work with our children. Volunteers are not allowed to be one-on-one with youth at any time.

The BGCFV welcomes the involvement of young people as volunteers also. However, volunteers must be out of high school before being eligible to volunteer with high school age youth. Youth volunteers should also be in 9th grade or above to be eligible to volunteer with middle school level youth. In limited and special circumstances Club Directors may exercise their discretion and suspend these age limits. Additional restrictions may apply.

## **ETHICS & BOUNDARIES**

Please be aware that our team members and our volunteers are not allowed outside contact with any of the children and youth in our programs. This includes but is not limited to babysitting, house sitting, e-mail, texting, voice calls, being “friends” on social media, etc. Any prior relationships staff may have with children or families (e.g. family members, neighbors, etc.) must be disclosed in writing to the Director of each Club.

In certain circumstances a Club Director may grant approval for a team member to attend a young person’s private event or celebration as a representative of the Boys & Girls Club. The most common example of this would be family graduation parties.

Our team members are also not allowed to accept gifts from children or families with a financial value of \$20 or more. Families that wish to express their gratitude to one or more team members may instead choose to contribute to the organization in honor of those team members.

## **CHILD CUSTODY AGREEMENTS, REQUEST FOR RECORDS, AND LEGAL ORDERS**

Certified copies of child custody agreements and legal orders regulating parental access to children and their records need to be filed with each Club Director. To remain neutral, in the case of a court proceeding, we will not release attendance or behavioral records without a court order requiring us to do so.

## **FAMILIES IN TRANSITION**

Families in transition through personal loss, loss of a job, separation of a spouse or partner, or other difficult challenges should know we want to offer support. Please make us aware of concerns in your child’s life. Changes outside of school and Boys & Girls Clubs may have an impact on a child’s interactions while in our programs. Our hope is to maintain a quality program while continuing to be a source of safety and support during difficult times. Our Clubs offer a number of additional support services that could be of great benefit to you and your child.

We will help to provide families with other resources such as no-cost licensed professional counseling services, bereavement support for children and families through our Center for Grieving Children, crisis intervention services for runaway and homeless young people, and more. We also enjoy strong relationships with other community service providers and are more than willing to help you connect with the services and help you and your family may need at any time.

If we become part of your parenting plan (i.e. split payments, mutual pick up / drop off point for custody exchange, etc.) please share this information with us. For other court ordered situations (i.e.: restraining orders), we must have a copy of the order on file in order to comply.

## **FEES**

The Boys & Girls Clubs of the Fox Valley strives to ensure that financial limitations never prevent a child from full participation in our programs and services. Financial aid is available for all costs associated with Club membership and participation. Please contact your Club's Branch or Unit Director for more information.

The annual membership fee for children through 6<sup>th</sup> grade is \$15.00 per child, not to exceed \$35.00 per family. The annual membership fee for young people in grades 7 through 12 is \$5.00.

For many members, the membership fee will be the only charge associated with their participation in daily Boys & Girls Club positive youth development programs. For others, there are some other fees that vary by Club and may include charges associated with program participation, transportation, special events or field trips, and special services. Examples include, but are not limited to:

- Quarterly or Semester participation fees at our five elementary school-based Boys & Girls Clubs (Badger, Columbus, Foster, Highlands, and Little Chute)
- Summer program fees.
- Bus transportation after school to a Boys & Girls Club.

Note: Total fees per Boys & Girls Club Member averaged \$50 in 2018.

All fees are payable on-line through our website.

### **SENSE OF BELONGING**

The Club strives to create a sense of belonging and encourages children and youth to pay their own membership fee if possible, through money they've earned or perhaps been given as an "allowance". Children and youth who are unable to pay the membership fee could also be encouraged by their caregiver to contribute one or two hours of Club service (e.g. washing windows, picking up litter, etc....) to earn their membership privileges.

### **REFUND POLICY**

All membership and program service fees are non-refundable.

### **METHODS OF PAYMENT**

Cash – Money Orders – Personal Checks. A \$15.00 fee will be added to all returned checks.

## **PAYMENT SCHEDULE**

### *Membership*

The annual membership fee (\$15.00 for each child, not to exceed \$35.00 per family, \$5.00 Teen membership) is due at the time of application and renewal. Special hours, service, or activity fees are due in advance of the service rendered.

### *Participation*

Most of our school-based Boys & Girls Clubs have quarterly participation fees that are based upon a family's household income. Payments for participation fees are due September 30<sup>th</sup>, November 30<sup>th</sup>, February 28<sup>th</sup>, and April 30<sup>th</sup>.

## **LATE PICKUP POLICY**

We request caregivers pick up their children by the end of Club programming. We do understand that occasionally you may run late and therefore we allow a one-time, no-fee, late pickup within 15 minutes of the Club's closing time.

Parents who are late in picking up their child will be charged a late fee for each occurrence, with the one exception noted above. The fees for late pickup are:

Five to 15 minutes late:	\$5.00 per child; \$10.00 per child after three times
16 to 30 minutes late:	\$10.00 per child; \$20.00 per child after three times
30 to 45 minutes late:	\$15.00 per child; \$30.00 per child after three times
46 or more minutes late:	\$20.00 per child; \$40.00 per child after three times

Please note that if we are unable to contact parent/guardian within 45 minutes of the end of Club programming, law enforcement may be notified. A Child Protective Services report may also be filed for repeated violations regardless if contact has been made.

## *Guests*

Club members may, subject some program-specific restrictions, bring friends to their Boys & Girls Club up to three times at no charge. The name, age and contact information for the visiting youth will be recorded. If the guest wants to attend after three visits, membership is required.

### *Open Door Policy*

Membership allows a young person to participate in daily "drop-in" youth development programs. Club members in seventh grade and above may come and go as they please, whereas younger Club members are welcome to drop-in at any time but are not allowed to leave on their own without caregiver authorization. Here are a few key things to keep in mind:

- The Club does not provide licensed "day care" and once a member signs out they are not allowed to return unless prior arrangements have been made with Club staff for

Club members in seventh grade and above, or made with Club staff by a caregiver for younger Club members.

- The Club does not provide supervision once a member leaves the Club.
- It is strictly the caregiver's responsibility to instruct their child on when and how they want them to leave Club programming.
- Caregivers wanting to know the time their child signed in or out of the Club may contact their Club's welcome desk for that information.
- Members attending Clubs inside area schools must sign in at once following the end of the school day or other school-related activity and an adult must visit the welcome desk to pick up members involved at a Boys & Girls Club operating within an elementary school.
- Parents have the option of selecting authorized pick-up for members in sixth grade or younger that allows only parent-approved adults to sign their child out of the Club.

# **BEHAVIOR MANAGEMENT**

## **SUPPORT PROTOCOL**

The Boys & Girls Clubs of the Fox Valley strives to be an inclusive community to all that we serve. Open lines of communication between BGCFV team members, families and school staff help to ensure that we do our best to make sure all participants are successful. If your child has a diagnosed disability or special medical needs a support protocol meeting will be held before the child enters the program to discuss the needs and how our staff can strive to accommodate the needs of the child. This is also available to those families that have a child without a diagnosis but feel that extra support would be helpful for the child's success in our program.

## **DISCIPLINE**

While we strive to be sensitive to children and their family's cultural and individual values, age appropriate behavior is expected of all children enrolled in our programs. Discipline will be based on an understanding of the child's needs and will encourage the child to develop self-control, appropriate behavior, and respect for the rights of others. Each child will be listened to and treated with respect and fairness by staff members. Staff may approach inappropriate behavior using such methods as problem solving, alternative activities for the child, and logical consequences for their actions.

The staff uses positive techniques of guidance, redirection, anticipation and elimination of potential problems, positive reinforcement, and encouragement. Techniques of competition, comparison, and criticism are avoided. In addition, consistent, clear rules and expectations for the site are explained to the children. Staff will work with parents to establish open communication and to problem solve about the children's behavior. Follow up at home may be necessary.

Physical restraint of a child is **ONLY** used in an emergency when protecting a person from physical injury, to obtain possession of a dangerous object or protect property from serious damage.

Parents / guardians will be notified immediately if a child is in danger of hurting himself / herself, others, or the environment. You are expected to pick your child up immediately – if unable, your emergency contact should be willing and able to do so. Your child will not be allowed to attend the program again until a protocol support meeting has happened.

The Club, under no circumstances, will use corporal punishment, ridicule, or name calling as forms of discipline.

## **SERIOUS DISCIPLINE AND SUSPENSION**

A serious discipline problem is defined as one in which the Club Director determines that a child is engaging in inappropriate behavior that warrants a suspension. Serious behavior problems include but are not unlimited to:

- Fighting with another member, staff person, volunteer, or parent
- Bullying of any kind, verbal or non-verbal threats
- Acts of threat toward another member, staff person, volunteer, or parent
- Physical endangerment - drugs, alcohol, cigarettes, tobacco products, inhalants
- Destruction or theft of Club property or another member's property
- Racial or sexual harassment (including inappropriate physical contact)
- Bringing or using weapons with malicious intent to the Clubs: guns (toy), knives, sling shots, firearms, firecrackers or anything that is intended to be used as a weapon
- Running away from staff, program and the facility. Failure to stay within audio or visual supervision.

If a child engages in any of the above or other behaviors that threaten the safety and well-being of others and the Club Director or designee has suspended the child, a caregiver meeting will be required before the child is allowed to return. At the caregiver meeting, the Club Director or designee will attempt to work with the caregiver(s) and child to come up with a plan that can allow the child to safely return to the Club. The Boys & Girls Clubs of the Fox Valley has sole discretion to determine if a child is ready to return to the Club, to decide under which circumstances a child may return (e.g. a "behavior management plan" may need to be developed), and to request that the child receive further services before being allowed to return.

The Boys & Girls Clubs of the Fox Valley does not give up on kids, however, and while suspension may be warranted as outlined above, the organization also provides additional services, including no-cost, licensed, professional counseling that can often help a child return to youth development programs and services in a safe way. The organization will also work to connect families with other community resources that may also be able to help a child return safely to Club youth development programming.

Should a child be suspended or expelled from school, the caregiver is required to inform their Club and the child will not be eligible to attend Club until the suspension has ceased or until a caregiver meeting has taken place to discuss participation in the organization's youth development services.

#### *Unauthorized Departure from Club*

A very rare though serious incident is when a child chooses to leave the Club grounds or breaks from their field trip group. Unauthorized departures force others into unsafe situations. Our staff is instructed to only follow children who leave on their own if it does not risk the safety of the group. The following policy is in place:

- If a child chooses to leave the group and the supervision of the staff member(s), that child will not be chased or followed if it risks the safety of the group.
- Staff leaders will notify police of a child that has left the supervision of the Boys & Girls Club and give a description and general whereabouts.
- The primary caregiver will be notified immediately. If we are unable to contact primary caregiver, the emergency numbers will be contacted.

- An unauthorized departure, where a child has placed the staff and other children at risk by their actions, is grounds for suspension.

## **BULLYING POLICY**

The Boys & Girls Clubs of the Fox Valley (BGCFV) is committed to providing a safe, secure, and healthy environment that allows all students to maximize their learning potential. The BGCFV considers bullying detrimental to the health and safety of students and is prohibited.

Bullying includes aggressive and hostile behavior that is intentional and involves an imbalance of power between the bully and the bullied. This behavior may include but is not limited to physical and verbal assaults, nonverbal or emotional threats or intimidation, harassment, social exclusion and isolation, extortion, use of computer or telecommunications to send messages that are embarrassing, slanderous, threatening or intimidating (cyber-bullying). Bullying may also include teasing, put-downs, name-calling, rumors, false accusations, and hazing. Bullying based on sex, race, color, religion, national origin, ancestry, creed, pregnancy, marital or parental status, sexual orientation or physical, mental, emotional or learning disability or handicap in its education programs or activities is also prohibited by law and BGCFV policy.

Bullying behavior is prohibited in all BGCFV afterschool programs, buildings, properties, and educational environments. This includes any property or vehicle owned, leased, contracted, or used by the BGCFV such as public transportation regularly used by students to go to and from the BGCFV.

Club members who engage in any form of bullying behavior at the BGCFV will be subject to disciplinary action in accordance with BGCFV policy. Consequences and sanctions for such actions, including retaliating against someone for reporting bullying behavior, may include but are not limited to, parent notification, suspension or referral to law enforcement officials for possible legal action. BGCFV staff will support the identified victim.

Education, intervention, awareness, and prevention shall exist for staff and Club members to ensure a learning environment free of bullying or intimidation toward and between Club members and staff.

### *Disclosure and Public Reporting*

BGCFV will distribute this policy to all Club members, their parents, and/or guardians and employees. The BGCFV will provide a copy of the policy to anyone who requests it.

Reports of bullying may be made verbally or in writing and may be made confidentially. All such reports, whether verbal or in writing, will be taken seriously and a clear account of the incident is to be documented. The **Bullying Behavior Report Form** (see Appendix A) will be used for written reporting.

### *Procedures*

All BGCFV staff members who observe or become aware of acts of bullying are required to report these acts to the Unit or Branch Director. Any other person, including a Club member

who is either a victim of the bullying or is aware of the bullying or any other concerned individual, is encouraged to report the conduct to the Unit or Branch Director.

Reports of bullying may be made verbally or in writing and may be made confidentially. All such reports, whether verbal or in writing, will be taken seriously and a clear account of the incident is to be documented. The **Bullying Behavior Report Form** will be used for written reporting.

### *Reporting Procedures*

If bullying occurs, Club members are encouraged to take the following steps:

1. Clearly say “stop” to the person whose behavior is unwanted and report to a trusted adult.
2. Speak with a trusted adult.
3. When reporting to an adult, include the following information:
  - a. Give the name of the person and specific unwanted behavior
  - b. Describe the nature of the bullying
  - c. Give the date(s) of the event
  - d. Tell briefly what happened and note all incidents of bullying that may have taken place
4. BGCFV staff may make an appropriate person(s) aware of the situation to discuss the case and determine the follow-up. All efforts will be made to handle the situation in a discreet manner and maintain appropriate confidentiality. BGCFV staff will also inform students of the prohibition against retaliating against another student for reporting an incident of bullying.
5. Any BGCFV staff who witnesses bullying between students must intervene by giving a verbal warning. In some cases, it may be necessary to provide a report of bullying incidents to a BGCFV Director.
6. There shall be no retaliation against individuals making such reports. Individuals engaging in retaliatory behavior will be subject to disciplinary action.

### *Procedure for Investigating Reports of Bullying*

The Unit Director or Program Coordinator will begin the investigation of a report of bullying within one school day. This investigation will include an interview of the person(s) involved and a collection of the information that will determine the facts and seriousness of the report. Parents and/or guardians of all people involved in the bullying incident will be notified prior to the conclusion of the investigation. The BGCFV shall maintain confidentiality of the report and related student records to the extent required by law.

## **MANDATORY CHILD ABUSE & NEGLECT REPORTS**

Wisconsin State Law requires that all Boys & Girls Clubs of the Fox Valley employees who suspect that a child is being abused or neglected must make an official report on behalf of the site to Child Protective Services (CPS) or to law enforcement. Reports are kept confidential. Referrals may be made to CPS or law enforcement without conferring with caregivers.

Reporting should be regarded as a request for investigation into a suspected incident of abuse or neglect. A report does not necessarily constitute a proven fact; rather, it is the raising of a question about the state of the child. Making a report can be the beginning of a process to help caregivers with their challenges and to protect their children.

## **GRIEVANCE POLICY**

Honest differences of opinion regarding conditions of care or procedures will arise from time to time. When this happens, families are encouraged first to bring the matter to the attention of their Club by asking to meet with the Club Director, Assistant Director, or if they are unavailable, their designee in private where concerns may be addressed. We recognize that not all challenges can be remedied through this informal basis. The following more formal, step-by-step procedure should be initiated:

- Address a letter to your child's Club Director stating you would like to present a formal complaint. Describe the situation or topic you would like to discuss.
- If this discussion does not resolve the concern, you may request to meet with the Senior Director of Youth Development Services. After listening to your concerns and reviewing the previous response, the Senior Director of Youth Development Services will make a final decision.
- If necessary, final resolution will involve the CEO or another member of the Senior Leadership Team for the Boys & Girls Clubs of the Fox Valley.

This grievance resolution policy is only a guideline. We may decide in some circumstances and at our discretion, to use a different procedure to look into or resolve challenges. All decisions regarding the resolution of concerns or complaints remain at our discretion and shall be final.

Our goal is to provide a quality, safe place for children. The procedure to address grievances does not include the option of confrontation while children are present. We strive for a positive working relationship with all involved. However, any situation deemed a threat to the safety and well-being of children in our care or our staff or a disruption to the regular operation of our programs will not be tolerated.

# HEALTH CARE

## MINOR FIRST AID

- Boys & Girls Club staff are permitted to administer band aides, ice packs, and bandages.
- Club staff cannot physically apply sunscreen and insect repellent lotion.
- The Club is not responsible for reactions or improper usage of sunscreen, insect repellent, or any item that is borrowed from or used by Club members.
- Caregivers must advise staff of any medical problems a member has or has had by completing the health history portion of the membership form and adding information as needed.

## ILLNESS

- Please notify the Club and keep children home when they have a rash, sore or runny eyes, contagious illness, or head lice.
- Members who develop symptoms of a contagious illness while at the Club must be picked up within a timely manner and are not eligible to return to the Club until 24 hours from the initial intake of medication or per the instructions of a health care professional.
- Members who stay home from school due to illness are not eligible to come to Club that day.

## MEDICATIONS POLICY

**In compliance with Wisconsin State Law, the Boys & Girls Clubs of the Fox Valley has adopted a policy for the administration of medications. For Club Staff to administer medication safely and efficiently, parents/guardians and/or adult students must comply with Club policy.**

Medications should be administered at home whenever possible. Parents/guardians are urged to consult with the prescribing physician to determine if medications can be scheduled outside Club hours. If this is not possible, designated staff will administer medication according to Club policy.

### Prescription Medication

1. Current **Administration of Medication Consent Physician's Statement** (see Appendix B) form and **Administration of Medication Consent Parent/Guardian Statement** (see Appendix B) form must be on file at the Boys & Girls Club. These forms may be obtained from the Boys & Girls Club.
2. The prescription medication must be supplied in the **original pharmacy-labeled bottle** indicating the correct dosage and frequency of administration. This information must be the same as provided on the above noted forms. Only the amount of medication needed at Club shall be contained in the bottle.
3. If changes in the dosage take place, updated parent/guardian consent, a signed physician statement, and an updated pharmacy-labeled bottle will be required.

### Over-the-counter Medication (Non-Prescription)

1. The parent/guardian must complete an Administration of Medication Consent Parent/Guardian Statement form (see Appendix B).
2. Medication must be supplied in the original container with the student's name affixed on the container.

### Supply

1. Parents/guardians are responsible for ensuring enough supply is on hands at all times. The BGCFV is not responsible if a child's medicine is not on hand to be dispensed as prescribed or previously directed.

### **HELPFUL HINTS**

1. Ask your pharmacist for a second empty, labeled container so that you will have containers for home and Club. Medication will not be given if in an unmarked container (i.e., baggie, envelope).
2. When you know your child will be taking medication, discuss the hours of administration with the doctor. It may be possible to regulate the dosage so that medication can be given at home and not at Club (i.e., antibiotics given 3 times a day).
3. Parents are asked to deliver the container of medication to the Boys & Girls Club to prevent tampering by the child and other youth.
4. Unused portions of medication after the completion of the school year/summer or when discontinued will be disposed of after 7 days if not picked up by the parent.

Parent attention to and support of these requirements will be very much appreciated.

### **EMERGENCY TREATMENT**

In the event of an emergency requiring immediate advanced medical treatment the Boys & Girls Club staff will call 911 first. Parents will be contacted as soon as possible. Boys & Girls Club staff are not allowed to transport injured or severely ill members. The Boys & Girls Club of the Fox Valley utilizes the ambulance for all emergency transportation to the nearest emergency health care facility.

### **HEAD LICE/NITS IN THE CLUB (PEDICULOSIS)**

Head lice are commonly referred to as a nuisance condition because they rarely cause any serious medical concern. Specific guidelines have been developed for the treatment of head lice and/or nits at the Boys & Girls Clubs of the Fox Valley. These guidelines include parent/guardian notification, treatment instructions, and parent/guardian responsibilities. The parent/guardian of any student found to have nits or live lice will be notified. Parents/guardians may choose to pick up the Club member at time of discovery or at the end of Club.

*Procedures for Control and Treatment*

1. Any young person who is suspected of having live head lice shall be removed from the Club as unobtrusively as possible to be screened. Live head lice screenings may be made periodically on any child as necessary. These screenings will occur by the Club site director or designee.
2. If live lice are apparent:
  - a. The parent/guardian of any child found to have nits or live lice will be notified. The child may remain at the Club until the end of the Club day; however, the parent/guardian may choose to pick up student at time of discovery or at the end of the day.
  - b. A written explanation of lice treatment may be given to the parent/guardian. As part of the treatment process and before re-admittance, parents/guardians will be instructed to remove all lice and nits. The site director or designee may furnish treatment supplies for those families demonstrating financial need.
3. Re-admittance to the Club:
  - a. The child may be checked by the site director or designee upon return to the Club. The presence of live lice will again result in parent/guardian notification, and further treatment options will be discussed.
  - b. The above procedures will be repeated until lice and nits are removed.
4. Confidentiality:
  - a. Only information needed for the purpose of assuring notification of the appropriate parties involved and for prevention of further exposures should be noted. All information shall be kept in confidence in accordance with State and Federal laws and regulations.
  - b. Caregivers of other students at the Club may be notified of the presence of lice when such a notice is considered appropriate by the Site Director, CEO, Sr. Director of Youth Development Services, or designee.

# **CLUB VISITORS**

The BGCFV encourages parents and other interested community members to visit the Boys & Girls Club and believes that there are many potential benefits which can result from increased interaction with the public. At the same time, the BGCFV has a legitimate interest in avoiding disruption to the youth development process, protecting the safety and welfare of the members and staff, and to protect the Club's facilities and equipment from misuse or vandalism. A balance must be achieved between the potential benefits and risks associated with the presence of visitors in the Club. Achieving the desired balance will lead to increased parent involvement, a better understanding of how the Club operates and the challenges facing the Club, and an increased sense of collaboration and cooperation between the community and the Club. Limitations may be placed on visitors to avoid disruption to Club operations and to prevent visitors from receiving a distorted view of those operations.

The Chief Executive Officer (CEO) or his/her designees shall have the authority to determine which visits are to be permitted as well as the discretion to set any appropriate conditions on the nature and extent of such visits. In exercising their discretion, the CEO shall consider the purpose of the visit, the impact of the visitor's presence and the relationship of any visitor to the members. Appropriate administrative rules shall be developed to provide guidance for Club personnel so that worthwhile experiences may be provided for those persons who enter onto Club premises as visitors. Club personnel shall seek to assure that parents and other visitors are courteously received and that sincere efforts are made to provide them with information as may be needed to foster a cooperative relationship between home, Club and community.

## **POLICY**

### **A. General Requirements for Visitors to Club:**

1. A visitor is defined as any person seeking to enter a Club building who is not an employee of the Club or a duly registered participant in a Club program.
2. All visitors shall report to the front desk when arriving or leaving the Club premises. Notices shall be displayed at the building entrance indicating that all visitors are required to register with the front desk and obtain authorization from the building CEO or his/her designee to remain on the Club premises. All visitors shall be requested to wear an appropriate form of identification when on Club premises.
3. Whenever possible, visitors should obtain authorization from the CEO in advance. At the discretion of the CEO, such prior authorization may be required.
4. All Club visitors must always comply with Club policies and procedures.

**B. Exceptions to Visitor Requirements.** Parents or community members who have been invited to visit the Club as part of a scheduled open house, special event, scheduled performance by a team or group, or other adult participants in organized and Club approved activities are exempt from requirements in A. 1-4 above.

### C. Visitors to Activity Areas:

1. Access to areas of the Club may be restricted upon the recommendation of the staff person in charge or as otherwise deemed necessary by the CEO, most commonly during the provision of confidential services.
2. Because some program areas, such as the Learning Club and the Truancy and Runaway Assessment Club, are the most vulnerable to disruption, specific conditions may be imposed upon visitors, including but not limited to:
  - a. remaining in a designated place or seat
  - b. refraining from speaking to members while the class or activity is in session
  - c. refraining from entering or leaving the area while an activity is underway
  - d. requiring that the dress and grooming of the visitor be consistent with the dress code for the members and employees within the building.
  - e. requiring that the visitor be chaperoned
  - f. limiting the duration of the visit to particular times or length of time
  - g. limiting the activities of the visitor to a particular purpose(s)
  - h. designating particular routes of travel in the building or upon the Club grounds.
3. Visitors wishing to conference with program staff or administrators during the Club day are encouraged to make arrangements in advance.

### D. Member Visitors

1. No member who is under suspension or other form of discipline from this or any other Club shall be permitted to visit a BGCFV Club unless such member is registered for a different Club sponsored program or activity than that from which the member has been suspended unless he/she has obtained expressed prior approval of the CEO or his/her designee before entering.

### E. Special Situations

1. Both custodial and non-custodial parents of a member have rights to visit the child's Club unless a court order exists restricting such contact. In the event that a non-custodial parent seeks permission to visit, the Club shall make a good faith effort to notify the custodial parent in advance of the visit.

The CEO or his/her designees has the authority to exclude from the Club premises any person who disrupts or who appears likely to become a disruption to the program. Any such individual shall be directed to leave the Club premises immediately and law enforcement authorities shall be called if necessary.

## **VOLUNTEER OPPORTUNITIES**

# **CLUB PROGRAMMING**

## **FIVE KEY ELEMENTS FOR POSITIVE YOUTH DEVELOPMENT**

**Safe, Positive Environment:** Club staff, facilities, program and age-appropriate settings create stability, consistency and a sense of physical and emotional safety for members. The Club provides structure and clearly defines acceptable behaviors.

**Fun:** Club generates fun for members. Members develop a strong sense of belonging through connections they establish with staff and peers. Staff members make the Club feel like home, fostering a family atmosphere and creating a sense of ownership for members.

**Supportive Relationships:** Club youth develop meaningful relationships with peers and adults. Staff members actively cultivate such relationships to ensure that every member feels connected to one or more adults and peers. Staff members demonstrate warmth, caring, appreciation, acceptance and proper guidance in their connections with members.

**Opportunities and Expectations:** Club youth acquire physical, social, technological, artistic and life skills. Clubs encourage members to develop a moral character and behave ethically. Staff members establish and reinforce high expectations and help young people do well in school and pursue a post-secondary education.

**Recognition:** Clubs recognize and support young people's self-worth and accomplishments. Staff members encourage youth and provide positive reinforcement as they make improvements and experience successes. The Club showcases young people's achievements.

## **CORE PROGRAM AREAS**

***Program focus areas are based on both the interests of youth and their physical, emotional, cultural and social needs.***

We find the impact is greatest when we have consistent staff, as well as youth participating until at least 5:00 p.m. When youth stay until 5:00 p.m., they have the opportunity to participate in a full hour of academic support programs (homework help, tutoring, hands-on activities connected to the school day, and more). We would like you to consider allowing your child/ren to be involved in the afterschool program until 5:00 p.m. as many days as possible.

Research demonstrates that high quality afterschool programs can improve a variety of student outcomes. Participation in high quality afterschool programs is linked to improvements in academic achievement, student engagement, work-study habits, and social-emotional development. Children indicate that they have higher aspirations for their future, including greater intentions to complete high school and attend college. In addition, children develop new interests and skills and improve their school attendance.

**Character and Leadership Development**

Character and Leadership Development empowers youth to support and influence their Club and community, sustain meaningful relationships with others, develop a positive self-image and respect their own and others' cultural identities.

**Education and Career Development**

Education and Career Development enable youth to become proficient in the basic educational disciplines apply learning to everyday situations and embrace technology to achieve success in a career.

**Health and Life Skills**

Health and Life Skills develop youth people's capacity to engage in positive behaviors that nurture their own well-being, set personal goals and live successfully as self-sufficient adults.

**The Arts**

The Arts enable youth to develop their creativity and cultural awareness. Youth are challenged to appreciate visual arts, performing arts and creative writing.

**Sports, Fitness and Recreation**

Sports, Fitness, and Recreation enable youth to develop positive use of leisure time, skills for stress management, appreciation for the environment and social skills.
